Darou Plastics Pars

HISTORY, VISION and STRATEGY

Darou Plastics Pars Co. began its activities in 1975 under the name of T.V. Plast. Mr. Teymour Nazari established a manufacturing company of plastic pieces specialized mainly for detergent and anti-freeze solutions.

In 1981 due to pharmaceutical companies' high demand, The company had started its activity in this industry and changed the entire facilities and workshop equipment to manufacturing Pharmaceutical and Food Packaging Plastic Pieces.

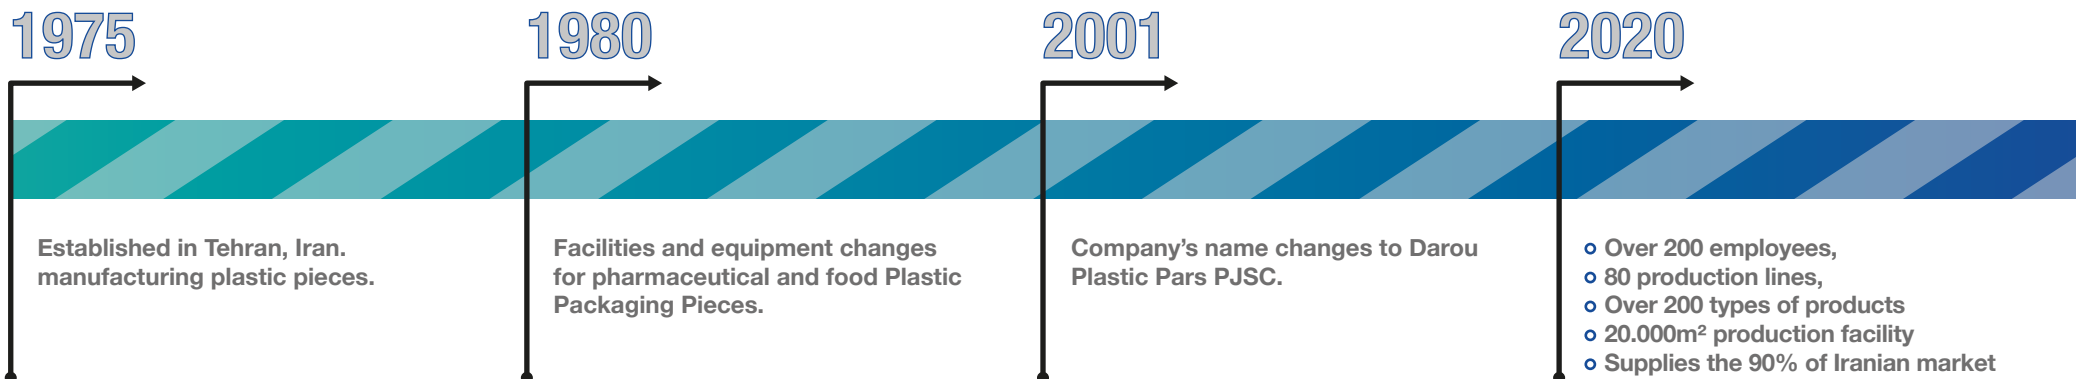

In 2001, They changed the company's name to Darou Plastic Pars PJSC.

Today, with annual expansions of the company, under the supervision of Mr. Teymour Nazari and his family, with over 200 employees and 80 production lines, benefitting from advanced machinery, technologies and high-performance molds, manufactures over 200 types of products in an area of 2 hectares, by following GMP, ISO9001 and SEDEX guidelines has managed to supply country's primary market of Plastic products related to pharmaceutical, food, and cosmetic industries.

NAZ Trading S.A.

NAZ Trading S.A. is a young, bright-minded, innovative team based in Athens, Greece, aiming to deliver high-quality service and implement creative ideas into the world. Ms. Ani Nazari, CEO, and Founder of NAZ Trading S.A., who is also one of the main shareholders of Darou Plastic Pars Co, founded the company in 2018 to collaborate with such companies on a worldwide trading scale. NAZ Trading S.A. is the global distributor of Darou Plastic, providing its customers with the best quality products (and services) followed by excellent after-sales support and the knowledge of worldwide trading legislation.

FACILITIES

Our manufacturing sites are in Tehran Province, Iran, which is a privately owned area covering 20.000m². The factory follows GMP's guidelines, including all the temperature, air pressure, and humidity control system in the entire buildings. The advanced technology machinery, combined with high international standards of Quality Management System ensures the utmost quality in our products.

QUALITY ASSURANCE

Darou Plastic Pars Co. strives to achieve a high standard of quality in our everyday lives, professional and personal. Our factory is built with advanced technologies and allows us to serve different types of customers. Quality control laboratories are staffed continuously and equipped to adequately cover the volumes produced and the corresponding release processes, stability studies, and evaluations. The quality system's effectiveness is confirmed by both the quality indicators and the success of numerous inspections.

CORPORATE SOCIAL RESPONSIBILITY

We deeply respect nature and our environment and protect it at every stage of production. We are very strict in applying the regulations relative to the use of water and gas emissions. We conduct our activities with tremendous respect for the environment to continuously improve our methods in this direction. We have incorporated "healthy principles" into our company business behavior, choosing tested, safe products.

CERTIFICATION

To achieve and preserve high product health and quality standard, Darou Plastic Pars Co. implements and complies with primary international and health assurance qualifications and certifications (ISO 9001, GMP, and SEDEX).
